**Announcement on the List of Teams for the Final Presentation of IMMC 2016
from the region of Mainland, Taiwan, Hong Kong and Macau**

We are pleased to announce that the teams listed in the appendix have been selected from 248 teams who have submitted solution papers (325 teams registered) by the Expert Panel and IMMC Committee (Zhonghua) to enter into the round of Final Presentation. The finalist teams are invited to attend the Final Presentation hosted by the Chinese University of Hong Kong on May 6th 2016. The awards of different level of recognition will be announced after the completion of the Grand Jury's adjudication of the Presentation Round.

All schools and teams are to be commended. The Expert Panel spent a lot of time to review their papers, which took longer time than we had anticipated, and were impressed deeply with all the teams' passion and creativity in mathematical modeling.

Each participant is a true winner who has overcome the challenge. Our appreciation goes to every teacher advisor and student who participated in the IMMC 2016.
